AFFIRMATIVE DEFENSES

8 As and for its affirmative defenses, Defendant WEST COAST DEALS,
9 INC., alleges as follows:

FIRST AFFIRMATIVE DEFENSE

(Failure to State a Claim)

12 1. As a first, separate and affirmative defense, Defendant alleges that the
13 Complaint, and each and every cause of action contained therein, fails to state
14 facts sufficient to constitute a cause of action against this answering Defendant.

SECOND AFFIRMATIVE DEFENSE

(Invalidity)

17 2. As a second, separate and affirmative defense, upon information and
18 belief, Defendant asserts that the '573, '731, and '730 Patents are all invalid for
19 one or more of the reasons that:

1 concealed or suppressed the alleged inventions;

2 (c) In light of the prior art at the time the alleged inventions were
 3 made, the subject matter thereof would have been known or obvious to one of
 4 ordinary skill in the art to which the alleged inventions respectively relate and
 5 therefore do not constitute patentable inventions;

6 (d) If there be any inventions in the subject matter of the
 7 aforementioned patents, which is denied, the patents nevertheless were not
 8 obtained in a manner consistent with the provisions of United States Code Title
 9 35. Upon information and belief, the claims of the aforementioned patents are
 10 invalid on the grounds that the purported inventions attempted to be patented fail
 11 to meet the conditions of patentability specified in Title 35, United States Code,
 12 including 35 U.S.C. §§ 112, 102, and/or 103.

THIRD AFFIRMATIVE DEFENSE

(Inequitable Conduct)

15 3. As a third, separate and affirmative defense, Defendant asserts, upon
 16 information and belief, that the '573, '731, and '730 Patents are unenforceable as a
 17 result of inventor Mage's failure to satisfy his duty of disclosure to the United
 18 States Patent and Trademark Office, and/or his engaging in inequitable conduct
 19 during the prosecution of the aforementioned patents. On information and belief,
 20 Mage or others involved in the patent process failed to meet the applicable duty of
 21 candor.

FOURTH AFFIRMATIVE DEFENSE

(Waiver)

24 4. As a fourth, separate and affirmative defense, Defendant alleges that
 25 as a result of Plaintiff's actions, conducts and/or admissions, Plaintiff knowingly
 26 and intentionally waived the rights which are alleged against this answering
 27 Defendant, and as a result, the Complaint and each and every purported cause of
 28 action set forth therein, is barred by the doctrine of waiver.

FIFTH AFFIRMATIVE DEFENSE**(Estoppe)**

5. As a fifth, separate and affirmative defense, Defendant alleges that Plaintiff is barred and equitably estopped from asserting each and every purported cause of action contained in the Complaint by reason of Plaintiff's acts, omissions and conducts and that of Plaintiff's agents.

SIXTH AFFIRMATIVE DEFENSE**(Unclean Hands)**

6. As a sixth, separate and affirmative defense, Defendant alleges that Plaintiff is barred from recovery by the doctrine of unclean hands.

SEVENTH AFFIRMATIVE DEFENSE**(Unjust Enrichment)**

7. As a seventh, separate and affirmative defense, Defendant alleges that Plaintiff's Complaint, and each purported causes of action contained therein, is barred by the doctrine of unjust enrichment.

EIGHTH AFFIRMATIVE DEFENSE**(Laches)**

8. As an eighth, separate and affirmative defense, Defendant alleges that the claims alleged in the Complaint are barred, in whole or in part, by the doctrine of laches.

NINTH AFFIRMATIVE DEFENSE**(Failure to Mark or Notify)**

9. As a ninth, separate and affirmative defense, Defendant alleges that any damages claimed in the Complaint are barred or limited by Plaintiff's failure to properly comply with the patent marking or infringement notification requirements of Title 35 United States Code Section 287.

27 ///

28 ///

1 **TENTH AFFIRMATIVE DEFENSE**

2 **(Noninfringement)**

3 10. As a tenth, separate and affirmative defense, Defendant alleges that it
4 has not infringed Plaintiff's alleged patents in the Complaint literally or under the
5 doctrine of equivalents.

6 **ELEVENTH AFFIRMATIVE DEFENSE**

7 **(Innocent Infringement)**

8 11. As an eleventh, separate and affirmative defense, Defendant asserts
9 that to the extent that Defendants have infringed any claim of the alleged patents
10 held by Plaintiff, such infringement was innocent.

11 **TWELFTH AFFIRMATIVE DEFENSE**

12 **(Failure to Mitigate)**

13 12. As a twelfth, separate and affirmative defense, Defendant asserts that
14 each cause of action alleged is barred, in whole or in part, or recovery reduced by
15 Plaintiff's failure to take reasonable steps to mitigate the damages alleged.

16 **THIRTEENTH AFFIRMATIVE DEFENSE**

17 **(Right to Amend)**

18 13. As a thirteenth, separate, and affirmative defense, Defendant
19 asserts that it has insufficient knowledge or information upon which to form a
20 belief as to whether it may have available any additional as yet unstated defenses.
21 Defendant hereby reserves the right to assert these additional affirmative defenses
22 in the event additional facts become known.

COUNTERCLAIMS

Defendant and Counterclaimant, WEST COAST DEALS, INC., doing business as www.hbsunglasscompany.com ("West Coast" and "Counterclaimant") complains and alleges as follows:

JURISDICTION

1. Pursuant to 28 U.S.C. §§1331 and 1338(a), this Court has original jurisdiction over the first counterclaim for declaratory relief of invalidity and non-infringement of patents.

THE PARTIES

2. Counterclaimant is a California corporation with its principal place of business in Huntington Beach, California. Counterclaimant engages in selling a wide variety of sunglasses through the internet.

3. Counterclaimant is informed and believe and based thereon alleges that Counter-defendant Spy Optic, Inc. ("Counter-defendant") is a California corporation with its principal place of business in Carlsbad, California.

FIRST COUNTERCLAIM

(Declaratory Relief)

4. Counterclaimant incorporates by reference the allegations set forth in paragraphs 1 through 3, inclusive of this counterclaim as though set forth in full herein.

5. On or about February 29, 2008, Counter-defendant filed a Complaint against West Coast alleging that Counter-defendant is the owner of three United States patents, the United States Patent Nos. D534,573, D557,730, and D557,731 (collectively "patents-in-suit"), and that West Coast's making, using, selling, importing, distributing and/or offering for sale of products infringed the patents-in-suit.

6. An actual, justiciable controversy exists between the parties with respect to the alleged infringement of the patents-in-suit. Counterclaimant

1 contends that it had not infringed and are not now infringing any claims of the
 2 patents-in-suit, either directly, contributorily, or through inducement.

3 7. Furthermore, an actual, justiciable controversy has arisen and exists
 4 between the parties with respect to the validity of the patents-in-suit. Counter-
 5 defendant asserts that the patents-in-suit are valid, and Counterclaimant contends
 6 that those patents are invalid.

7 8. Counterclaimant desires a judicial determination as to whether:

8 (a) The inventor, Jerome J. M. Mage (“Mage”), did not invent the
 9 subject matter of the claims of the patents-in-suit, nor did he make or discover any
 10 invention, either novel, original or otherwise, within the meaning of the United
 11 States Code, Title 35. The inventions described in the patents-in-suit were known
 12 in the field prior to the alleged invention or more than one year before the
 13 respective earliest effective filing date of each patent;

14 (b) The alleged inventions were made by another in this country
 15 before Mage’s alleged inventions, and such other person had not abandoned,
 16 concealed or suppressed the alleged inventions;

17 (c) In light of the prior art at the time the alleged inventions were
 18 made, the subject matter thereof would have been known or obvious to one of
 19 ordinary skill in the art to which the alleged inventions respectively relate and
 20 therefore do not constitute patentable inventions;

21 (d) If there be any inventions in the subject matter of the
 22 aforementioned patents, the patents nevertheless were not obtained in a manner
 23 consistent with the provisions of United States Code Title 35. The claims of the
 24 aforementioned patents are invalid on the grounds that the purported inventions
 25 attempted to be patented fail to meet the conditions of patentability specified in
 26 Title 35, United States Code, including 35 U.S.C. §§ 112, 102, and/or 103;

27 (e) The patents-in-suit are unenforceable as a result of inventor
 28 Mage’s failure to satisfy his duty of disclosure to the United States Patent and

1 Trademark Office and/or his engaging in inequitable conduct during the
 2 prosecution of the aforementioned patents, and Mage or others involved in the
 3 patent process failed to meet the applicable duty of candor.

4 (f) That Counterclaimants have not made, used, offered to sell, or
 5 sold any patented invention, at issue, within the United States or imported into the
 6 United States any product that infringes on any claim of the patents-in-suit in light
 7 of the prior art, the file history, and the statements, representations, admissions,
 8 arguments, and amendments made by Counter-defendant during the prosecution of
 9 the application of the patents-in-suit.

10 9. A judicial declaration is necessary and appropriate at this time under
 11 the circumstances in order that the parties may ascertain their respective rights and
 12 duties with regards to the patents-in-suit.

13 PRAYER FOR RELIEF

14 WHEREFORE, Defendant/Counterclaimant, West Coast prays for relief as
 15 follows:

- 16 1. That Plaintiff/Counter-defendant takes nothing by this action;
- 17 2. That the Court enters a declaratory judgment stating that:
 - 18 (a) The United States patents, Patent Nos. D534,573, D557,730,

 23 patents, Patent Nos. D534,573, D557,730, and D557,731.
- 24 3. That Defendant/Counterclaimant be awarded its costs, expenses, and
 25 reasonable attorneys fees; and

 27 proper.
